

Green Business Award

Established in 2015 by IREM Hawaii to recognize AOAO's and companies for promoting sound building practices with emphasis on energy conservation, human comfort, and responsible resource management.

Submission Guidelines

- IREM Hawaii Awards are limited to designated IREM Members (ARM®, CPM®, CPM® Candidate), and current Industry Partners® of all levels for the 2019 year.
- Programs/initiatives must have been done within the last 3 years.
- You may nominate a company/member/AOAO on their behalf. Nominees must be a current 2019 IREM Member or Industry Partner. If nominating an AOAO, the GM/ Resident Manager must be a current IREM Member in good standing.
- Recognizing that programs/initiatives submitted for IREM Hawaii Awards in previous years can be resubmitted in subsequent years.

Date _____

Please answer the following questions either on this document or separately. Please limit responses to 500 words. All questions must be answered to the best of your knowledge, using specific examples and when possible. You may also include appropriate samples or photographs along with this application as part of your email submission.

1. The Initiative

Briefly describe the project and sustainable efforts being done.

2. Development and Implementation

Describe the development process and implementation of the sustainable project and how it will impact the company/AOAO – whether it is new, ongoing, or enhanced.

3. Outcomes

Describe the results achieved, how the initiative transformed your company – for a specific team, the company as a whole, and/or a specific program – and how success was measured and achieved. If an ongoing initiative, describe how the outcomes were enhanced/different in 2018 or 2019. Describe how it contributed to your company's strategic and operational objectives and overall organizational growth. Include lessons learned, challenges, and growth opportunities for the future. If any media or other third party recognized the initiative, explain.
